ABOUT US

Intco Recycling Resources is a leading company in the industry of EPS reusing. It is specialized in collecting, recycling and reusing of EPS waste foam for over 10 years. All these waste materials are successfully reused to produce polystyrene moulding and framing products, such as photo frame, picture frame, mirror frame, skirting moulding, crown moulding and outdoor flooring. Based on the uniqueness of the wood-like looking and the competitive cost, it is growing to be a best replacement material of traditional wood moulding and frame, widely applied and welcomed in home decoration industry of the worldwide.

Intco Recycling Resources has four manufacturing bases and one trading company. Currently four factories totally carry 110 PS extrusion lines and 47 assembly lines with yearly capacity of collecting, recycling and reusing about 50000 tons of EPS waste foam and 1 million boxes of PS moulding, exporting and domestic selling over 5000 containers of PS framing products to over 80 countries and areas.

After many years' training and experience accumulation, Intco finally becomes the domestically large-scale, high-quality, wide-product range professional manufacturer of high molecular material framing product.
