MACHINERY

The large vacuum table workspace, combines with a new clamping system, not only provides incomparable working flexibility over a wide range of materials but also provides the user with unparalleled accuracies to meet today's production challenges.

Features

- Mat optimisation layout feature for efficient cutting of varied mat sizes
- Limitless possibilities-unleash your creativity
- Increase your productivity
- Most affordable, full-featured vacuum CMC available
- The best cutting speed in its market segment
- Ideal for matboard cutting, boxes & displays, contour cutting & signage, embossing, sticker & cutting gaskets
- High resolution camera for crop mark detection

Mat Pro[®] Ultra

1. Award winning interchangeable head system 2. New heavy duty rails 3. User-friendly air pressure adjustment to the head to copy with various densities of materials. 4. Manual depth adjustment with increments of just 0.1 (1/32") provides much better quality control when working with various materials and thickness. Maximum thickness is 5mm (3/16"). 5. Valiani clamping system reduces waste to 15mm (0.59") straight cut and to 17mm (0.67") bevel cut. Both clamps are equipped with measuring guides. 6. Emergency stop button is conveniently located on the machine arm.
