Intco Framing is a United States solely invested company in China. We are a professional manufacturer & exporter of polystyrene mouldings & wall decoration products like photo frame, picture frame and mirror frame. 90% of our products are for overseas markets. The characteristics of our products are on the recycling of the plastic scraps & materials. We are making scraps into fancy wall decor products by applying the high-tech, which was certificated as "Environment-Friendly" by government.

ABOUT US

Intco Framing is specialized in production of wood-like framing products, such as photo frame, framed arts and mirror frames and is 90% export worldwide. The uniqueness of our product is it's made of recycled EPS foams and we've completed the cycle from collection and recycling of EPS foam packaging, reprocess into reusable materials then manufacturing these materials into high quality wall decoration products. Our innovation and the concept of transforming the "White Pollution" into wall decoration products has been awarded by many national environmental associations in China.

After many years of training and experience accumulation, Intco framing has built a professional manufacturing team with industrious and assiduous spirit, and has been developing many new products to satisfy customer's needs. Meanwhile, a professional marketing team with high academic qualifications, diligent and innovative spirit has been providing best services to customers and established good business relationships. Intco has been insisting on "refined quality standard and creative enterprise spirit", therefore it can come to the fore through the stiff competition in international market and finally become the domestically large-scale, high-quality and wide-product range professional manufacturer of high molecular material framing product.
